Letter of Support for Students Attending the Western Psychological Association Convention

The Western Psychological Association (WPA) was founded in 1921 to stimulate the exchange of scientific and professional ideas among students, professors, and practitioners of psychology. WPA Presidents and members have included the top psychologists in the world including Albert Bandura, Gordon Bower, Christina Maslach, Philip Zimbardo, and Elizabeth Loftus. Because of the relatively small size of the annual convention (about 1,400 psychologists and students), students in attendance have exciting opportunities to actually meet, closely interact with, and learn from the best psychologists in the field. Students participate by presenting papers and posters that feature their research undertaken with their professors. They also attend presentations, informal conversation hours, and receptions. Thus, WPA serves as a major and unique vehicle for students to enhance their educational experience and learn about professional careers as psychologists.

The 2011 convention will be held April 28-May 1 in Los Angeles. The convention is hosted by California State University, Los Angeles and California Polytechnic State University, Pomona. The program will include invited addresses by distinguished psychologists such as Philip Zimbardo, Robert Rosenthal, Diane Halpern, Alice Eagly, Arthur Graesser, Ronald Riggio, Elizabeth Klonoff, and Mark Snyder. Many of these presenters will hold a conversation hour with students immediately after the presentation. There will also be special programs sponsored by Psi Chi, the International Honor Society in Psychology. We are looking forward to an exciting convention program that will be a valuable learning experience for students.

Sincerely,

Jeffery Scott Mio
